EXPERIENCE

1. JAVA FULL STACK DEVELOPER INTERN

TAP Academy

Feb 2026 – Aug 2026

- Training in Java Full Stack technologies including Core Java, Advanced Java (JDBC, J2EE, Servlets), Spring, Hibernate, MySQL, HTML, CSS, and React.js.
- Hands-on work with OOP concepts, Collections, Multithreading, Exception Handling, and Java 8 features.
- Developed understanding of REST APIs, database integration, backend development, and frontend-backend integration.

2. SMART INDIA HACKATHON 2024

Team Member

Dec 2024 | Bhopal

- Worked in a 5-member team to develop a portable IoT-based microbial detection device for milk, integrating multiple hardware modules.
- Contributed to PCB prototyping, sensor integration, embedded programming, and cloud-based visualization.
- Presented the project to industry experts and jury panels, earning national recognition for innovation.

PROJECTS

1. CodeArena — Coding Practice & Assessment Platform

- Built a full-stack coding platform with problem management, online coding, automated evaluation, submissions, progress tracking, and leaderboards.
- Engineered **Docker-based sandboxed code execution** for Java, Python, C++ and JavaScript with **timeouts, memory limits, compilation and runtime-error handling**.
- Implemented **JWT security, role-based authorization, rate limiting, REST APIs, Flyway migrations, and per-test-case results**.

2. Personal Portfolio Website

- Built and deployed a **responsive portfolio website** with reusable React components, dynamic routing, and GitHub project integration.
- Integrated GitHub projects and deployed the website on **Vercel**, ensuring mobile responsiveness and cross-browser compatibility.

3. Smart Health Monitoring System (IoT + AI + Cloud)

Final Year Project 2026

- Developed a real-time IoT-based patient monitoring system using ESP32-S3 integrating ECG, SpO₂, motion, and environmental sensors for continuous health tracking.
- Built an **AI-driven alert and assistance system** for anomaly detection, emergency notifications, and improved patient engagement.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Foundations Associate
- Coursera – 101 Data Structures & Algorithms
- Top 1% in TCS Code Vita Screening Round (2025)
- TCS CodeVita 2025 – Top 1% in Screening Round

ACHIEVEMENTS

- **National Winner – Smart India Hackathon 2024**
- **Winner – Mind Sprint 2025 National Hackathon**
- **Top 1% – TCS CodeVita 2025 Screening Round**
- Selected Innovator – Future Founders Program 1.0, RTIH (Ongoing)
- Organized “Black Box” event with 1500+ participants during college tech fest
